

MERITXELL VANCELLS PI

Born and raised in Blanes. I lived and learned in Barcelona. I find the whole process in fashion interesting. From designing it myself, to patterning a custom-made dress or embroidering a flower on a fabric that will be part of a wedding dress on such a special day.

I have always liked clothes, maybe because my parents used to dress me in very cute outfits.

I am currently available for projects or jobs related to fashion.
